- Please note the start times of classes as they vary greatly. Some classes will start on the hour whilst others start at 5, 10 and 20 past. This is due to the need to collect and escort students to and from collection points (varying doors depending on the room they are training in) and cleaning in between groups.
- Due to students being collected for classes by their teacher, it is essential that children arrive on time, in their appropriate dance clothes. They will then be taken to the classroom where they can remove coats. The teacher will assist in changing shoes if required.
- Students are welcome to wear leggings or fitted shorts for ballet and tap during this period if required to make it easier when waiting on the car park for collection.
